

### **Section One Introduction**

Executive Summary-----	10
Preface -----	13
Table of Contents-----	17
Introduction -----	23
Scope-----	26
Purpose-----	26
Authority-----	27
Assurances to Comply with Federal Laws and Regulations -----	28
Planning Process-----	36
State Hazard Mitigation Planning Process-----	36
Coordination Among State Agencies-----	44
Integration with Ongoing Planning Efforts-----	52
State Background-----	62

### **Section Two Identifying Hazards**

Disaster History-----	2
Hazard Identification-----	4
Hazard Frequency and Severity -----	5
Local Risk Assessment and Loss Estimates -----	8
Population, Land Use and Development Trends-----	13
Critical Infrastructure and Facilities -----	19
Other Hazards-----	20
Vulnerability Analysis Methodology-----	43

#### **Dam Failure**

Profiling Hazard Event -----	55
Assessing Vulnerability by Jurisdiction-----	60
Estimating Potential Losses by Jurisdiction -----	61
Assessing Vulnerability by State Facilities -----	66
Estimating Potential Losses by State Facilities -----	67

#### **Drought**

Profiling Hazard Event -----	69
Assessing Vulnerability by Jurisdiction-----	79
Estimating Potential Losses by Jurisdiction -----	82
Assessing Vulnerability by State Facilities -----	83

#### **Earthquake**

Profiling Hazard Event -----	84
Assessing Vulnerability by Jurisdiction-----	97
Estimating Potential Losses by Jurisdiction -----	98
Assessing Vulnerability by State Facilities -----	99
Estimating Potential Losses by State Facilities -----	101

---

## Table of Contents

---

Flooding	
Profiling Hazard Event -----	112
Assessing Vulnerability by Jurisdiction-----	119
Estimating Potential Losses by Jurisdiction -----	122
Assessing Vulnerability by State Facilities-----	127
Estimating Potential Losses by State Facilities -----	129
Landslides	
Profiling Hazard Event -----	130
Assessing Vulnerability by Jurisdiction-----	138
Estimating Potential Losses by Jurisdiction -----	140
Assessing Vulnerability by State Facilities-----	141
Estimating Potential Losses by State Facilities -----	142
Severe Weather	
Profiling Hazard Event -----	146
Assessing Vulnerability by Jurisdiction-----	153
Estimating Potential Losses by Jurisdiction -----	153
Assessing Vulnerability by State Facilities-----	154
Estimating Potential Losses by State Facilities -----	155
Wildfire	
Profiling Hazard Event -----	157
Assessing Vulnerability by Jurisdiction-----	163
Estimating Potential Losses by Jurisdiction -----	165
Assessing Vulnerability by State Facilities-----	170
Estimating Potential Losses by State Facilities -----	171
Technological and Man-made Hazards -----	173
<b>Maps</b>	
National Maps – U.S. Hazard Losses 2009-----	1
State High Hazard Dams -----	2
County Dam Failure Vulnerability Maps -----	3
County Landslide Vulnerability Maps -----	93
County Wildfire Vulnerability Maps -----	182
Earthquake Epicenter Historical Maps 1962-2010 -----	272
State FEMA Floodplain Map-----	275
State 100-year Flood Building Percent Building Damage -----	276
State Property and Crop Economic Losses 1960 – 2009 -----	277
State Facilities Located In Dam Inundation Areas -----	278
State Facilities by County Located In Dam Inundation Areas -----	279
State Facilities Located Earthquake High Liquefaction Risk Areas -----	300
State Facilities Located in Moderate to High Liquefaction Risk Areas -----	301
State Facilities Located in 100-Year Flood (Nine DFIRM Counties) -----	302
State Facilities Located in High Landslide Risk Areas -----	312

---

## Table of Contents

---

State Facilities Located in Moderate Landslide Risk Areas-----	313
State Facilities by County Located in Landslide Risk Areas -----	314
State Facilities Locate in Extreme Wildfire Risk Areas -----	336
State Facilities Located in High Wildfire Risk Areas-----	337
State Facilities by County Located in Wildfire Risk Areas -----	338

### **Section Three Mitigation Strategies**

Mitigation Strategy Concept-----	2
State Plan Mitigation Strategies -----	6
Dam Safety -----	6
Drought -----	8
Earthquake-----	12
Flood -----	14
Landslide -----	18
Severe Weather -----	20
Wildfire -----	23
Technological and Man-made -----	27
All Hazard -----	29

### **Section Four Conclusion**

Local Capability Assessment -----	1
Federal Mitigation Funding Sources & Capabilities -----	6
State Mitigation Capabilities -----	18
Local Mitigation Planning Coordination-----	46
Prioritizing Local Assistance -----	48
Integrating Local Mitigation Planning -----	50
Plan Maintenance Procedure -----	51
Monitoring Progress -----	54
References-----	55
List of Acronyms and Recognized Abbreviations -----	57
Glossary of Terms-----	58

### **Section Five Local Mitigation Strategies**

County Mitigation Strategies -----	1-267
------------------------------------	-------

### List of Appendices

Appendix A	Public Comments
Appendix B	<u>Utah Hazard Mitigation</u> : Hazard Mitigation Strategies Menu, HMGP Admin. Plan, PA Admin. Plan, Hazard Mitigation Strategy Update 2010
Appendix C	<u>Utah Earthquake Program Plan and Reports</u> : Strategic Plan for Earthquake Safety in Utah, Utah Seismic Safety Commission, 1995, Earthquake Safety in Utah “A Progress Report July 1996, 2000, 2007.
Appendix D	<u>Utah Flood Mapping and Floodplain Management Program</u> : Utah Flood Map Modernization Plans 2003, 2005, 2006, 2007, Utah Map Modernization State Implementation Plan 2002, Utah Risk Map Grant Narrative 2010, Utah MMMS Business Plan 2009 Update, CAP Gap Tool 2009, CAP Five Year Plan 2005, NFIP Community Status List March 2011, Utah Flood Loss Statistics 2009, Repetitive Loss Structure Report 2010, NFIP Policies in Force 2010
Appendix E	Utah Dam Safety Program Rehabilitation Priority
Appendix F	Palmer Drought Severity Index
Appendix G	<u>Utah Drought</u> : Utah Drought Response Plan, 2003, Utah Partners for Conservation and Development, Drought Assessment and Mitigation, 2000, Water Reuse in Utah, 2005, Conjunctive Management of Surface and Ground Water in Utah, 2005, Drought in Utah, Learning from the Past – Preparing for the Future, 2007
Appendix H	<u>Utah State Parks Hazard Mitigation Plans</u> : Anasazi, Bear Lake, Dead Horse Point, Draper, Escalante, Great Salt Lake, Jordanelle, Sand Hollow, Wasatch Mountain, Yuba.
Appendix I	<u>Local Regional Hazard Mitigation Plans</u> : Wastach Front Regional Council Association of Government (WFRC) 2009, Bear River Association of Government (BRAG) 2009, Mountainlands Association of Government (MAG) 2010, Five County Association of Government (FCAOG) 2005, Six County Association of Government (SAOG) 2005, Southeastern Association of Government (SEAOG) 2005, Uintah Basin Association of Government (UBAG) 2005, University of Utah Hazard Mitigation Plan 2009, Central Utah Water Conservancy District Hazard Mitigation Plan 2009.
Appendix J	Utah Landslide Loss Data: Collecting Landslide Data 2003, “Landslides What They Are and Why They Occur”, Rock Fall Hazards in Utah, Wildfires and Debris Flows

---

## Table of Contents

---

Appendix K	Jordan Valley Water Conservancy District Hazard Mitigation Strategy, 2004
Appendix L	Utah Mitigation Recovery Outreach
Appendix M	FEMA Hazard Mitigation Assistance Guidance
Appendix N	Utah Mitigation Successes
Appendix O	Utah Court House Natural Hazard Analysis 2010
Appendix P	Utah Hospital Natural Hazard Analysis 2010
Appendix Q	Utah Mitigation Plan Changes
Appendix R	Utah Hazard Mitigation Plan Maps

All of the appendices are electronic and on a flash drive attached at the back of the plan. Hard copies can be obtained by contacting:

Utah Department of Public Safety  
Division of Homeland Security  
1110 State Office Building  
Salt Lake City, Utah 84114

Point of Contact: Brad Bartholome
